WHY GET A FACIAL?

When you get a facial a day or 2 before the wedding, it prepares the skin so that the makeup goes on and blends better, and also lasts longer on the day- it also gives you some much needed time out just before the big day!

WHY DO A TRIAL?

Often we play around with different looks and colours during the trial to make sure you get exactly what you want on the day, and sometimes this can take more time than expected. By doing the trial before the wedding day we take away the stress that this could cause on the day, and also means you get it perfect first time!

WHY GET A MAKEUP ARTIST AT ALL?

Firstly, we have product that will make sure the makeup stays fresh looking from when we apply it until the end of the day. Also, we know how to apply makeup so it looks its best in photos, which often are almost the only thing that you will still have from the day in years to come, so it's good to know you are looking your best. Plus, it's a lovely way to start your wedding day- being looked after like a princess!
